

BEMACO BLOWTEC GMBH

BIETET AN / OFFERS:

Typ / Type: Kautex KB 250
Baujahr / Year: 1987

Blasanlage/Blow moulder No. 36

Akku head 40L,

Akkuhead picture from other side with WDLs Hydraulic

Extruder with material hopper

Steuerung/control panel and electrical cabinet

Rückseite/Behind the scene

Mühle/Granulator Dreher S60/100 GFS

Materialversorgung/Material supply with Hosokawa

Machine No. 36, KB 250 Krupp Kautex

Technical data:

Typ/Type	KB 250
Baujahr/Construction year	1987
Akku head	40 Liter
Extruder	150D
Steuerung/PLC	Moog
Überholung/Retrofit	2007/2016
Extruderleistung/Troughput	560Kg/h
Öffnungsweg/ Clamp opening width	800mm - 2500mm
Platten/ size of the clamping plates	1500mm x 1200mm
Schließkraft/Clamp force	1541 kN

Option:

Granulator Dreher S60/100 GFS
Material supply with Hosokawa

Retrofitt in 2007,

- New Hydraulic valves and piping
- New Pneumatic valves
- New Electric Cabinet Siemens E 7

Retrofitt in 2016,

- New Extruder unit (screw, barrel, filling zone and heaters)

Current state

- Clamp completely retrofitted
- Akku Head is good condition
- Extruder unit is in good condition
- Hydraulik is OK
- Valves are all OK
